

I believe I have never recalled this before," said another. "My father had been ill for some time, but I had not seemed any more likely to die suddenly than years before. We lived many miles from home, and I had no way of knowing that I did not think of him, but I had begun to feel that constant anxiety that I have since known to be the forerunner of death. One night after I had retired I lay wide awake, but with my eyes closed, as was my custom, and I was unable to get to sleep from the bed. Suddenly I imagined that my father was standing beside the bed looking at me, and I felt that I was about to die. I did not say I saw him. If any of you will close your eyes, by the exertion of your imagination, you will see him standing beside you before you. That was my situation, except that I did not purposely employ my imagination, but it came into my mind as I thought. This is as plain as I can make it. It did not appear as I had just seen him, but I felt as though I had just seen him for the first time. A pleasant smile was on his face, and I had never seen him so happy before. I was very young, and I opened my eyes involuntarily, and of course he was gone. I did not sleep for many hours, when I fell asleep I was disturbed by dreams, and got up in the morning very tired. I was then engaged in business. About 5 o'clock I was handed

the Yukon River.

Lieut. Schwatka, who with his party was picked up by Lieut. Ray, speaking of his trip up the Yukon River, Alaska, says he travelled overland to the head waters of the river, and constructed a raft to navigate the stream to its mouth. They prepared a crew of Indians and proceeded within 20 miles of Fort Colville, when the rapids were encountered. The Indians refused to go on, and attempted to force the raft ashore. Schwatka, to suppress the mutiny, fired on the Indians killing three. The others submitted and the rapids were run. The voyage was taken in 1895, south of the Yukon. Schwatka claims to have gone farther up the Yukon than any other white man. Signal Service officer Leavitt says he ascended the Yukon to Fort Solikrik, 2,000 miles. He describes the river as "one of the largest, most rapid, discolored rivers in the world," more water than the Mississippi, and at places seven miles in breadth.

"How does Henry Irving compare with Booth?" was asked of Dion Boucicault by a Kansas City reporter the other day, and the veteran replied:—"You can't compare them; one is brandy and the other is champagne."

Zelda Seizin Wallace, well known upon the operatic stage, proposes to appear next season as an actress in a new version of "Oliver Twist," and a translation of the French play, "The Bivouac of Richelieu."

Sarah Bernhard: claims that she got married because matrimony was the only thing in life that she had left untried. After her marriage she indulged in divorce for the novelty of the thing.

THURSDAY, NOVEMBER 1, 1883.

TOWN AND COUNTRY.

ALL Saints' Day.

POLICE Court quiet.

TO-MORROW, All Soul's Day.

MONDAY was a wet and gloomy day.

Go to the Big Store for lamps, crockery, china, and glassware.

ABOUT time for winter with its cold and dreary bill to appear.

A fine silver tea set, and receivers, castors, water pitchers, and silver rings at Egar's.

LAY your linen dusters on the shelf and take down your overcoats, you will require them soon.

McAllister is determined to give Great Bargains, now is your time to purchase and save money.

STILL IMPROVING.—Mechanical experts are now busy remodelling the machinery of the Deseronto Flour Mill.

WELCOME.—The collector of rates is going his rounds. Have your money ready and thus render his duties less arduous.

SCURFIE PARTY.—A very pleasant surprise party took place at the residence of Mr. Wm. Stewart, Thomas street, last Thursday evening.

SUCCESSFUL.—Mr. James S. Brown and party returned last Friday from their hunting expedition having secured eight deer, a quantity of salmon, and a number of partridge.

HALLOWEEN has arrived and the small boy has his usual amount of solid fun, and while at work issuing THE TRIBUNE's mammoth edition from our perfecting press, we expect every moment to receive a salute at their hands.

CHURCH SERVICES.—The new Roman Catholic Church will be opened on Nov. 11th. High Mass will be celebrated at 10 o'clock, a. m., and Rev. Father Gauthier of Montreal will preach both in French and English. There will be a collection taken up for the Building fund. All are cordially invited to attend the services, of which further particulars will be announced next week.

NOT CREDITABLE.—It was stated at the Napanee meeting of the Bible Society that thirty dollars represented the free contributions of the Co. of Lennox and Addington, including Deseronto, to the funds of the Society. Deseronto contributed over twenty dollars of this sum, but it will be seen that the amount contributed is highly creditable to the Protestantism of this part of Canada. Let us hear of liberal subscriptions for next year.

FERRY.—Several farmers from Prince Edward were delayed in town on Tuesday, the ferry boats being afraid to face the stormy water of the bay. Some of them called at THE TRIBUNE office to give us the benefit of their views on the matter, expressing the hope that the movement for increased ferriage accommodation would be pushed, as it would pay the people on both sides of the bay and Deseronto especially. We would like to see this matter immediately taken up by our town council.

OLD TIMES.—We have had placed on our desk during the past week several old numbers of the *Current Opinion* of various dates, from Jan'y 17th, 1854, to Dec. 17th, 1846. They contain several interesting references to matters of public import at that time. One copy dated Dec. 14th, 1837, contains the proclamation of Lieutenant Governor Sir Francis Bond Head, offering \$1,000 for the apprehension of William Lyon Mackenzie, and another of £500 for the capture of some of his associates in the rebellion of 1837.

BUTTERFLIES flying about last Sunday.

McAllister's Branch business was excellent last week.

Have you been to see Egar's silverware if not just go.

Will we have a skating rink during the coming winter.

Call and see the Fine Parlor and Bedroom sets at Dalton's new Furniture room.

PIGHEE.—The *Pighee* was up on the Marine Railway last Thursday to get a few repairs.

SCRIBBLERS who may not receive THE TRIBUNE regularly will please send word to the office.

WATER WORKS.—Water pipes as well as gas-pipes, are being laid down in the trenches on Centre St.

SALE OF JEWELRY.—Mr. Howatt of the Bay View farm, last week sold two Jersey cows and a calf at fancy prices.

ANOTHER.—A very bad hole is reported in the boardwalk near Mrs. Morrison's in the east end of the village.

MACHINE SHOP.—Two flat cars arrived on Tuesday loaded with steel rails which will be manufactured into freight at the machine shop.

LAGER RAFT.—Mr. Thomas Buck's larger raft having several bums for men, passed on Monday, in tow of the tug *Ontario*, on its way to Quebec.

PUCKY.—Two adroit sportsmen loaded the stormy billows of the bay in their canoes on Tuesday, getting to shore again fortunately without a ducking.

LOCK-BOXES.—Several suggest the advisability of introducing lock-boxes into the post-offices to lessen the crush of visitors which takes place at certain hours of the day.

CATASTROPHES.—The catapult business has been so energetically carried on by the ingenious youth of the village during the last week that Chief Gunyon has been forced to take steps for its suppression.

HURRY UP.—We would be more than pleased if the gas-men would hurry up their operations on Main street. As it is now, intending subscribers to THE TRIBUNE have to approach the office in single file.

LIBERAL OFFER.—The publishers of THE TRIBUNE agree to supply their paper and the *Montreal Herald* both for one year at the low price of \$1.50. Now is the time to avail yourself of this unequalled offer.

DEMOLISHED.—The repairs on the locomotive Deseronto being completed, the temporary machine shops have been demolished, to be replaced, we hope at a future day by buildings of a more suitable and permanent character.

BEWARE.—An unknown man is in the habit of looking through windows and frightening girls and women in different parts of the village. It is supposed to be a foolish fellow, but such ill-doing should not be encouraged.

THE M. E. Church Sabbath School are making arrangements for a Christmas Eve entertainment. They would be glad to have young folks who have never attended Sabbath School, to be present at their School on Sabbath mornings at 9:30.

CHANGE OF TIME.—There has been another change of time on the Grand Trunk. Bay of Quinte trains now leave Deseronto station at 5:20, a. m.; 8:20, a. m. and 4:30, p. m., to meet with the amount contributed is highly creditable to the Protestantism of this part of Canada. Let us hear of liberal subscriptions for next year.

ADIEU.—Miss Kerr has severed her connection with the Big Store to enter on a similar position at the establishment of E. N. Reed, Belleville. By her pleasant and agreeable manner she had rendered herself very popular, and she departs followed by the best wishes of the people of Deseronto.

THE Officers of the Grand Council of Indians of the Province of Ontario, will present an address of welcome to the Marquis of Lansdowne, on the 7th inst., at Rideau Hall, Ottawa. Chief Amosketch, President; Chief James Steyer, 1st Vice-President; Chief Shosketch, 2nd Vice-President; Chief P. E. Jones, M. D., Secretary.

WAR DECLARED.—Several parties request THE TRIBUNE to lead a war of extermination against the Telegraph poles and trees which so inconveniently run against people these fearfully dark nights, as they pass along the road-side. We are suffering in this respect like our rival sister of the West, Chicago, but an absence of street lamps renders matters a little worse with us.

Blankets, blankets, cheap at the Big Store.

Go to Egar's and get a large quart lamp, complete for 50 cents.

Have you seen the beautiful Mantle Cloths and Knitted Coats at Mrs. Dalton's.

SLIGHT ACCIDENT.—John Healy, recently got his lip cut by a stroke from the lever of the handwood typing machine in the big mill.

DOWN.—Mr. Morry Thompson, while going home on Monday night, fell into the trench on Main street, getting some severe scratches and a general shaking up.

NOT SURPRISING.—One of our citizens while running for the doctor the other night fell into one of the trenches, and as a consequence got a suit of clothes considerably disorganized.

REMOVAL.—The new store erected by Mr. John McCallough, on George street, is already completed and Mr. Dalton has removed his furniture and undertaking business to the new establishment.

LIVELY.—The streets of the village last Saturday presented a much livelier appearance even than usual. In addition to the village population, which was out in force, there was a large attendance of country visitors.

OPENING SERVICES.—The opening services of the new Roman Catholic church will take place on the 10th inst. Mr. Irvine of the ash shop, has finished the altar which is pronounced a most handsome piece of workmanship.

SAD.—It is a great pity to see so many boys of them only ten or twelve years of age, indulging in pipes and cigars without any effort at concealment. Parents and authorities should use every exertion to check this habit so productive of evil.

GREAT SALE.—The sale of a portion of the Indian Reserve immediately west of the village, took place as advertised on Wednesday, 24th ult. It brought together a large number of intending purchasers, all anxious to avail themselves of such an opportunity to get a desirable building lot.

MR. Wilkins was auctioneer and the bidding was brisk, 58 lots out of 73 being disposed of at prices ranging from \$250 to \$1,100, the average being about \$375. The total value of lots sold was over \$20,000. Next year will no doubt witness a great building boom in the west end.

MOORE CONTRACTOR.—The Rathbun Co. have secured a contract for furnishing about ten cars of manufactured wood material, being part of that required in the construction of a large hotel at Algoma Mills, on the Canada Pacific Railway. They have also in addition made a contract for furnishing the material and erection of seven passenger stations, with freight houses and platforms, along the line of the Ontario & Quebec railway. This probably ensures continued employment for some time to come for the mechanics connected with the ash factory and Mr. Burgess's department, all of which in view of dullness is very encouraging.

SAD BEREAVEMENT.—Just before going to press intelligence arrived of the sudden death, by apoplexy, at Gananoque, of Mrs. James Burgess of this place. She was paying a short visit to her husband who is erecting the Gananoque Railway station, when the sad event occurred. The remains will be brought by the Arnetia. This sudden removal has cast a gloom over the whole community, and we desire with all the rest of the people of Deseronto, to tender our deepest sympathy to the afflicted husband and family. We have also to record the death of Frank, son of Mr. F. G. Jenkins, manager of the Sash Factory, which occurred yesterday afternoon. He suffered all summer from an attack of Bright's disease, and the bereaved parents, it is unnecessary to say, have the warmest sympathy of all in their sad loss of a loved child.

CONFIRMATION SERVICE.—Christ Church, Indian Reserve, seemed to be the very centre of attraction last Sunday morning, the occasion being a visitation by the Lord Bishop of Ontario and the confirmation of a large class of candidates. The day was one of the finest and most brilliant of the season and consequently favorable for a general turn out. We have seldom seen a church more densely packed and yet the number who could not gain admission if anything exceeded the number, and among those debarred admission by the greatness of the throng, we regret to learn, were many Mohawk communicants and several candidates for confirmation, also Mohawks. There being in the thronged attendance hundreds of communicants and so large a

number to be confirmed, the Bishop wisely shortened the service by dispensing with morning prayer. Precisely at 11 o'clock proceedings opened by the singing of hymn 216, "The Church's our foundation," as a processional, during which his Lordship with the attending clergy Archbishop Jones and Rural Dean Baker entered from the vestry and took their places, the two former within and the latter without the altar rails. The hymn concluded, the Rural Dean presented the candidates to the Bishop, who proceeded with the service, and at the proper time, sitting in his chair before the altar, confirmed first the women then the men as they knelt two by two before him. The females numbered 49 and the males 44; seventy were Mohawks and twenty three whites. Eighty-three were from the Reserve and ten from Deseronto—in all 93. It was a solemn and interesting spectacle and one which few who witnessed will readily forget. The act of confirmation over, hymn 381, A. & M.—"Oward Christian Soldiers," was sung by the choir and congregation very heartily, Miss Lydia Hill presiding at the altar and telling address to the newly confirmed on their duties, privileges and dangers. His Lordship was evidently much pleased with the large number of candidates present, and the solemn and the excellent order observable, and expressed the hope that the candidates would be found exerting a powerful influence for good throughout the Reserve. At the conclusion of the address Rural Dean 232 was sung and the Holy Communion proceeded with, and thus ended the service which must be ever memorable in the annals of the Mohawk Mission. It is but fair that we should state, as requested by the Rural Dean, that he received much assistance in the preparation of the Deseronto candidates from Mr. Hooper, Student in charge of St. Mark's Church.

THE Loyalists.

The Loyalists, who were driven from their homes in the United States during the Revolutionary War, found refuge in the British Empire. Many of them settled in the Maritime Provinces of Canada, where they played a significant role in the development of the region. Their story is one of resilience and sacrifice, and their legacy is still felt today.

They came from all parts of the United States, including New England, the Middle States, and the South. They brought with them their skills, their traditions, and their faith. In the face of adversity, they built a new life for themselves in a new land.

The Loyalists were not just passive recipients of British aid; they were active participants in the struggle for their new home. They fought in the battles of the War of 1812, and they played a key role in the development of the Canadian Confederation.

Today, the Loyalists are remembered as the founders of a new nation. Their story is a testament to the power of the human spirit and the ability to overcome adversity. Their legacy is a source of pride and inspiration for all Canadians.

The Loyalists' story is a story of courage and determination. It is a story of a people who refused to give up, even in the face of the most difficult circumstances. Their story is a story that we can all learn from.

The Loyalists' story is a story of hope and faith. It is a story of a people who believed in a better future, and who worked hard to make it a reality. Their story is a story that we can all learn from.

The Loyalists' story is a story of resilience and sacrifice. It is a story of a people who were driven from their homes, but who refused to give up. Their story is a story that we can all learn from.

KIDNEY COMPLAINT

The Tribune.

CHICAGO, NOVEMBER 1883.

Published daily, except on Sundays and public holidays, at the Tribune Office, No. 100 North Dearborn Street, Chicago, Ill.

The Tribune is published for the Proprietor, J. W. Aldrich, by the Chicago Tribune Company, No. 100 North Dearborn Street, Chicago, Ill. The Tribune is published for the Proprietor, J. W. The Ontario papers state that the Ontario government has decided to build a new railway line from Toronto to the Lake Huron coast. The line is to be built on the site of the old line, and will be a double track line. The cost of the line is estimated at \$1,000,000. The line is to be built by the Ontario government, and will be a public utility.

The Oswego papers state that the City Council have, through their solicitor, notified E. W. Rathbun & Co. to remove beyond the fire limits the building at present used as a boarding house by their firm. This action is taken in order to prevent the firm from using the building as a boarding house. The firm has refused to comply with the order, and the City Council have decided to take legal action against the firm.

The Tribune ventured some time ago to advise the farmers of this section of the country to let the market alone for a time, and give all their attention to ploughing. The fine weather has enabled them to follow out our advice to the letter, and seldom has the plough been more busy than it has been this autumn. The result of the ploughing will be seen in the next year, and the Tribune will be glad to see the results.

The Tribune has received a large number of letters from farmers in this section of the country, all of whom are asking for advice as to the best way to plough. The Tribune will be glad to answer these letters, and will publish the answers in its columns.

It is stated that the Grand Trunk has secured control of the New York, Westchester and Buffalo Railway, the finest constructed railway on the continent. This will be pleasing news to the business men of Canada, as it will result in a saving of several dollars per car on freight from Ontario to New York. This connection will also afford desirable competition with the C. P. Ry. that line from its connection with the N. Y. Central, having superior advantages at present in traffic from Central Ontario to the New York City and State. It also seems to the Great West a new outlet to the Atlantic seaboard by a line not under the control of the railroad rings of the United States. It will be remembered that, by the completion of the Grand Trunk line to Chicago a few years ago, business men in Canada secured rates on western products considerably lower than when they shipped over various lines. In the same way Canadian merchants will now have cheaper transportation to New York and other seaports of trade. The Grand Trunk recently increased the extent of its service, during the past season, by enlarging its old and constructing new stations, and made most valuable improvements in its car surviving move and fast trains. These facts together with the reputation of the Great Western, Northern and Central, and now the N. Y. W. & B. line, give great cause for the health of view and energy of the present management. Not the least advantage to Canada is that these privileges are obtained by English capital, thus preserving the leading up of Canadian money, and has been the source of considerable degree by the subscriptions the Syndicate Loan. It is to be hoped therefore that the report of this new acquisition is well founded.

The Hon. Adam Crooks, has been compelled on account of ill health to resign his position as Minister of Education. While all will regret the cause which has led to his resignation, it must be admitted that the affairs of the department have during the past year fallen into a deplorable state. This is a serious matter, and it is to be hoped that the Government will take prompt action to remedy the situation. The Hon. Mr. Crooks was a man of high ability and great energy, and his resignation is a great loss to the department.

The starting intelligence, that El Mahdi had succeeded in a subduing the Egyptian forces under the command of Hicks Pasha and a supply of food and other necessities, is a great triumph for the Egyptian cause. It is a great blow to the British and French forces, and it shows that the Egyptian forces are now in a position to fight on equal terms with the British and French forces. This is a great victory for the Egyptian cause, and it is a great blow to the British and French forces.

NEW ADVERTISEMENTS.

3 LOCALS.—Big Store
3 LOCALS.—J. F. McAlister.
MILLENY.—Mrs. M. S.
DRESS MAKING.—Miss Williams.

The Tribune.

THURSDAY, NOVEMBER 29, 1889.

TOWN AND COUNTRY.

MILLS not yet shut down.

If your girl doesn't skate let her slide.

A newspaper drop is required at the Post-office.

The rank of customers continuing to McAlister's cheap store.

If you want a dish of cybers get up in good style go to Goldie's.

Goodness, Opera, The Shippers, something new, at the Big Store.

All who advertise do not become rich, but precious few become rich without it.

Mr. Kelley has just received a barrel of splendid cider which he is selling very cheap.

A special service for children, will be held next Sabbath in the Church of the Redeemer at 10:30 a.m.

As we are striking off this number of the TRIBUNE a very pleasant social congregational meeting is in progress at the M. E. Church.

GAS MAINS.—The gasmains have been laid along Dundas street from Centre to George street, and the trenches dug along the latter street to the Church of the Redeemer.

ST. MARK'S CHURCH.—A delegation consisting of Rev. Messrs. Spencer and R. J. Harvey will deliver addresses in the interest of the Mission Fund of the diocese of Ontario, in St. Mark's Church, next Lord's Day, at 7 o'clock in the evening.

WORK has been resumed on the White Church and it is expected that it will soon be ready to be occupied by the Sunday School etc. Mr. Caywell, the sexton has moved into the new residence erected for him to the rear of the church.

NEATNESS.—Travellers are wont to admire the tidy and attractive appearance of the station house, and surroundings at Deseronto Junction. Mr. Brown, the agent there is deserving of much credit for his efforts in this direction.

YOUNG men, subscribe for the TRIBUNE and don't depend for the information necessary to keep you posted on the affairs of the day, on the previous chances of planning at a copy while awaiting your turn for a clean shave at the tonsorial parlor.

NAVIGATION.—The *Alexander* has made her last trip for the season, and the *Hera* comes no farther than Baiton. The *Arcton* is still on the line of Osgooshtown route, and the *Resolute* and *Reliance* are busier than ever carrying lumber to Oswego.

LAST TRIP.—The *Clara White* arrived on her last trip for the season with a cargo of coal, and this discharge she will go into winter quarters at this port. Captain Woodcock has had a successful season and will now enjoy the comparative leisure of life ashore.

STATION HOUSES.—The TRIBUNE announced in a former issue that the Rutland Company had secured the contract for erecting seven station-houses, freight sheds, etc., on the line of the Ontario & Quebec. Mechanics and others will be glad to know that this number has been increased to ten. On all sides may be seen large quantities of material in various stages of preparation for their erection.

MUNICIPAL.—December comes in on Saturday, and from that time the face of the candidate for municipal honors begins to assume a very new and novel aspect, while he manifests unbounded interest in the health and welfare of the municipality. We have not yet heard names of any new men who intend sacrificing themselves for the public good, nor the lines upon which the coming contest, if any, will be run.

For genuine all wool white Blankets from \$2.25 a pair, go to McAlister's Branch Store.

REMEMBER the social meeting of St. Mark's Literary Society, at the residence of Mr. John Hoppes next Friday evening, admission 10 cents.

READY.—The destructive fires at Napanee and Port Perry should teach our community a lesson to have well equipped apparatus and trained brigades.

Farmers should bring their large cans and get them filled with American Coal Oil at the Big Store, the only place where you can get good oil at 25 cents per gallon.

OUR thanks are due to correspondents at Simsburyville, Picton, Kingston etc., for their interesting favors by which they place the TRIBUNE and its readers under happy obligations.

SOCIAL.—A Parish Social under the auspices of the Ladies' Missionary Association of the Church of the Redeemer will be held at the residence of Mr. F. W. Dexter, on Wednesday evening the 5th Dec., at 8 o'clock.

STREET CROSSING.—Some of the street crossings are in anything but a good condition, and a few more are required at different points. It is doubtful if even the most close eyed ratepayer in the community would object to a little expenditure by the Town Council in this direction.

FERRY.—Would it not be a good idea for the Town Council to move the centre of the *Ladies' Missionary Association*, and discover the terms on which he might be induced to run his boat as a ferry next season, from Deseronto to the opposite shore? The sooner this foreign question is faced and solved, the better for the village.

DESIRABLE.—Would it not be well for the proprietors of our hotels or some enterprising resident to put on a passenger bus to meet trains. Strangers like the *Globe* representative for example, have much difficulty and discomfort in reaching their destination on dark nights and in disagreeable weather. The present order of things is not creditable to an ambitious town like Deseronto.

CHURCH.—Business will soon commence to get brisk about the Marine Railway now that navigation is almost closing. The *Honor* has been up getting a new wheel. The *Fidgim* is hauled out for the winter, the yacht *Teak* hauled out some time ago has been nicely roofed over, several dredge scows have been drawn up for repairs. The steam dredge *Musson* has also been hauled up and is for extensive repairs during the winter.

MISSIONARY MEETINGS.—The Annual Missionary Meeting in aid of the mission work of the Diocese of Ontario will take place on Tuesday next, Dec. 2nd, in the Mohawk churches—in the morning at Christ Church at 11 o'clock, and in the afternoon at All Saints at 3 o'clock. Special Deputation appointed by the Bishop, the Rev. J. J. Harvey, of Stafford, county, Renfrew. Mr. Harvey is spoken of as an able and earnest speaker. The Rural Dao preached in both churches last Sunday on missions, and requested the people to make their offerings on Sunday next in silver.

POLITICAL.—Much interest was manifested here in the Lennox election. A number of prominent citizens attended the meeting at Woodcock's school-house, and a delegation went down to Napanee on Saturday, where two large meetings were held in the interests of the rival parties. The meeting in the Opera house was in the Conservative interest and able addresses were delivered by Sir Leonard Tilley, Hon. J. H. Pope and lesser lights. The Reformers met in the Agricultural hall where Mr. W. Patterson, M. P. and Sir Richard Cartwright spoke forcibly in the opposition interest.

WEATHER REVIEW.—The storm which set in on Wednesday of last week gradually increased until it reached its greatest force on Thursday morning, subsiding to a calm however in the afternoon. Friday and Saturday were dull and overcast, Sunday, clear and bright with exceptionally heavy hoar frost in the morning, an indication of coming changes in the atmosphere. A gale accordingly set in on Sunday night and continued with great violence until Monday evening, the wind blowing a gale, the velocity being for about ten hours at the rate of 32 miles an hour, and some of the gusts over 40. There was also a heavy fall of rain, in all about one-tenth of an inch. Tuesday fair and cold, and Wednesday dull and raw with barres of snow and rain from the west.

For New Hats, trimmed and untrimmed, Bonnet Shapes, Ornaments and Trimmings, Feathers and Ornaments, try McAlister's Cheap Store.

ANOTHER.—Mr. John Dalton, agent for the Dominion Organ & Piano Co., of Deseronto, last week sold a *Trupano* to Chief Sampson Green of the Reserve.

REPAIRED.—There are quite a number of bad holes again in the board walks, as well as dangerously loose boards, in different places which appear to be inviting actions for damages against the corporation.

Go to the Big Store for all kinds of Sugars and Syrups. The large quantities which they sell enable them to buy direct from the refinery, thus saving the commission charged by wholesale houses.

BARLEY.—Barley is coming in at the rate of about 1,000 bushels a day, but prices are generally pretty low as elsewhere. Farmers will undoubtedly turn their attention largely to raising wheat and other crops.

THE new comet will be visible to the naked eye about the same time that the fire committee have perfected the organization of the fire brigade and put the new tanks into proper condition for the coming winter.

REMOVED.—Mr. Camille Jacques, having purchased the house recently owned by Mr. Win. Rathbun has removed it from its former site to another lot on the west side of Mill street near his own residence.

N. P.—If barley has been quiet it is gratifying to find the matrimonial market still firm and active. The pastor of the M. E. Church reports no less than thirteen marriages celebrated by him since the meeting of conference in June.

DESCRIBTO DESCRIBTO.—A *Globe* representative has been writing up the agricultural capabilities of the Bay of Quinte district. He was naturally attracted to Deseronto more particularly to satisfy his curiosity in reference to the chemical and gas works. Last Saturday's daily *Globe* contains his first impressions of Deseronto, and an interesting description of the works visited.

VERY VENERABLE.—Mr. Euben Cronk has kindly placed on our table a great curiosity, viz., a copy of the *Boston Gazette and County Journal* of March 12, 1770. It contains an account of the troubles at that time between the military and citizens of Boston, and resolutions of a public meeting of the latter calling for the removal of the soldiers. There are besides copies of resolutions passed in different towns pledging themselves not to import British goods until the duties are removed.

GOOD FRUIT.—THE TRIBUNE's remarks on self-improvement are already bearing good fruit, several young men of the village having already commenced for the winter, home studies in different branches. A talented member of the dramatic society has favoured us with a portion of a tale which he has translated during spare minutes from a French author in a manner highly creditable. This fact proves that even the busiest can yet find, if they will, an hour or two in the evening for the cultivation of their intellectual powers. Let there be a general move all along the line.

OVER THE SUPPER.—In consequence of his intended removal to Gananoque, arrangements were made last week by the many friends of Mr. Peter Reid to tender him a complimentary supper at Mr. R. Geddis' opera parlor as a mark of the high esteem in which he was held as a respected citizen. Intelligence arrived just about the appointed hour on Thursday evening that Mr. Reid having missed the train could not be present. This was a great disappointment but the company wisely concluded themselves by proceeding with the supper; and a jolly evening was passed in the discussion of oysters and other delicacies served in Mr. Geddis' best style. Addresses, songs, etc., were delivered by the gentlemen present, the absent guest of the evening being frequently remembered in the course of the proceedings.

THE Trenton Courier lately advocates the speedy construction of the Trent Huron Canal, and at the same time condemns the construction of the Murray Canal by the Presnaps route.

MR. S. Wood of Brockville, paid \$65. for a cow last spring. From the 15th April to 14th November, her milk was sold at 14 cents per imperial quart, and realized the handsome sum of \$114.15. The cow was not forced, and for five months got nothing but grass.
